

72 Cylinder Slipped Stitches

Casting on or Picot Hem

**BEFORE REACHING THE CAM on
right hand side**

you may need to manipulate the
yarn by hand so that the working
yarn is under the hook
on the outside of the needle
and above the latch on the
needle.

**AFTER THE CAM
on right hand side**
using a pick up tool,
make sure that the bar
from the previous row
in on the outside of
the needle and under
the hook but above the
latch on the needle.
